Dear Resident.

Since the turn of the year I have met many of you as I have been canvassing in Gossops Green. I have also been delivering leaflets and engaging with our community wherever possible. I hope my integrity, commitment to our town and enthusiasm has been apparent and has come across.

I have really enjoyed being in Gossops Green and interacting with those of you I have met, understanding your specific local issues and I look forward to being your Councillor for several years to come. However, this will not happen without your ongoing support and by lending me your vote on election day. Gossops Green is a finely balanced neighbourhood. To ensure I get elected I need everyone who wants a Conservative Councillor to ensure they get to the polling station on May 5th and vote for me, Philip Norville.

To recap, why should you vote for Philip Norville? I have been a resident of Crawley since 1995 and have seen great improvement both to the town centre and the town as a whole in this period, but it is not enough. The town needs continual investment to push on as the leading town in West Sussex and the region. The current and future plans for Crawley will change the dynamics of our town and an integrated approach needs to be maintained to maximise the proposed benefits.

As well as delivering the key health and educational services we need as a community, my passion is to encourage commercial investment in the town. To deliver actions that encourage companies of all sizes to invest in Crawley increasing skilled employment opportunities and raising the skills and salaries of our workforce. With a strong regional economy the whole town and wider area will benefit.

My other big passion possibly comes from my career as a civil engineer and that is infrastructure. Locally, here in Gossops Green and across Crawley we need to improve parking, resurface and repair a large portion of our road network and work with West Sussex County Council to ensure road improvements are planned and implemented to reduce congestion. This would allow commuters and businesses to reduce travel times and costs. All of this has to be delivered within our financial means. Areas on which I am focussed are financial responsibility, value for money and a common sense approach to delivering these services.

Best Wishes,

Philip Norville

Conservative Candidate for
Gossops Green

P.S. If you are able to provide any support to my campaign in the remaining days before polling day please get in touch. We still have leaflets to deliver, canvassing to undertake and we still have slots for telling outside polling stations too.
