# INVESTING IN CRAWLEY'S FUTURE

■ Since Crawley went to the polls in May, which saw Henry Smith re-elected as Crawley's MP and Conservative Councillors elected to Crawley Borough Council, our plan locally to 'Secure Crawley's Future' continues to work, providing real opportunities for Crawley.

Crawley Borough Council now has the closest ever political balance. Back in May, Crawley elected 9 Conservative and 3 Labour Councillors, taking us very close to control, with 18 Conservative Councillors to Labour's 19 in total.

We will continue to work hard to earn the support of Crawley residents, ahead of next May's Crawley Borough Council elections.

Please do let us know what matters to you by completing and returning our survey.

*If it matters to you...  
it matters to us!*

# NEWS IN BRIEF...

- 1 A Devolution Revolution.** We are going to allow local government to keep the rates they collect from business. All £26 billion of business rates will be kept by councils instead of being sent to Whitehall. Local areas will be able to cut business rates as much as they like to win new jobs. This is the biggest transfer of power to our local government in living memory.
- 2 Bringing in the National Living Wage.** Next April sees the National Living Wage introduced, giving up to 6 million working people a well-deserved pay rise. Rising to £9 an hour by 2020 and combined with our on-going raising of the tax-free allowance, the UK will move away from a low-wage, high-tax and high-welfare economy, to a higher-wage, lower-tax and lower-welfare society.
- 3 A Major Plan To Get Britain Building.** We will set up an independent National Infrastructure Commission to work out what the country needs to build for its future. It will hold any Government to account if it fails to deliver. We are also sweeping away planning rules on brownfield sites and creating half a dozen British Wealth Funds to invest billions in British infrastructure.
