Dear Neighbour,

My name is Brenda Burgess and I have been your Local Borough Councillor for 12 years. I am married to Bob Burgess, our other local Councillor, and between us, I believe we make a great team for Three Bridges and Crawley.

My son and daughter are both grown and have flown the nest which means I have more time to give to the people of this great neighbourhood of ours. I became a Councillor because I wanted to try and make a difference. I was privileged to be elected and now have the honour of serving you. During my time as Councillor I have been The Cabinet Member for Housing and when I relinquished that role I became the Mayor of Crawley - a very humbling and enjoyable experience.

I serve on the Licencing Committee which deals with Taxi licencing as well as alcohol licencing and street collections. I also serve on the Development Control Committee who decide which planning applications are acceptable. You will also see me at community events such as Black History, Crawley Festival and Poems and Pints which is hosted by the Friends of Goff's Park. I also serve on outside bodies such as the Crawley Arts Council and the Cycling Forum.

Having encouraged the formation of the Three Bridges Forum some years ago, I always endeavour to attend the meetings, especially the Steering Committee. I find this extremely informative with regard to what residents of Three Bridges want. Our previous Chairman prioritised objections to grass verge parking which I supported.

Having encouraged the formation of the Three Bridges Forum some years ago, I always endeavour to attend the meetings, especially the Steering Committee. I find this extremely informative with regard to what residents of Three Bridges want. Our previous Chairman prioritised objections to grass verge parking which I supported.

This is still on-going. I am also working with the Chair of the Residents Committee of Tinsley Lane regarding the controversial road change at one of the closes. I also hope to develop a working relationship with the newly formed Conservation Group of Hazelwick Road. Such an area was first requested when I became a Councillor. I never gave up. Now I want to extend this to other areas.

I have also brought forward a MUGA - Multi Use Games Area. I have also encouraged the upgrading of the local play areas. Parking has always been an issue and both Cllr Bob Burgess and I have worked to get Controlled Parking Zones installed where people requested them and to find extra spaces for parking. The most recent one has been in The Birches.

So why should you vote for me? I think my record to date shows how dedicated I am to the residents of Three Bridges. I might not always get everything right, but I promise to listen and to do my very best for our great neighbourhood. Thank you for listening.

Brenda Burgess
Conservative Candidate for Three Bridges
